STICK WITH IT! CAMPS

STICK WITH IT!™ camps are the perfect option for any player looking to learn and improve their game with instruction from an elite coaching staff. We will provide today's top players with a competitive, yet educational experience gained through one on one instruction and game situations.

DEVELOPMENTAL CAMPS are designed for the emerging player grades 3-8. Campers will be provided significant instruction to develop their fundamental skills while also challenging them to step out of their comfort zones. Emerging players will gain significant playing experience, helping them advance to the next level of their game.

ELITE CAMP is for the player who has a solid foundation of fundamentals including stick-work, conditioning, game sense, a drive to excel, and experience. These players will be pushed by an elite staff with the intent to get them to the next level of their game. Expectations are high and execution is expected. Campers must be entering grades 9-12 or entering freshman year in college and planning on playing.

GOALIE ACADEMY will be incorporated into each camp and goalies will work with an experienced coaching staff. Sessions will be a balance of instruction, shots, and game experience. Athletes will learn the latest methods in stance and technique while working with vision tools, tennis balls, and wall exercises. Each goalie will participate in small sided situations and scrimmages. **Goalies must provide all of their own gear.**
